NOTES FROM HIGH POINT.

The Local News from Our Neighbor Briefly Told.

TELEGRAM BUREAU, HIGH POINT, N. C., April 12, '98.

Notwithstanding the weather was not so very good for a pic-nic yesterday, a large crowd attended just the same and all report a gay time.

The reception given in the opera house last night by the Ladies' Aid Society to the Methodist Sunday school was one of the most enjoyable evenings of this season. W. T. Kirkman deserves much credit for his good management.

H. A. Millis returned to Horners Military school at Oxford today.

Misses Kate Parker and Callie Wood, of Trinity, who have been visiting in Greensboro returned home today.

James Scroggs, of Trinity College, who has been on a few days visit returned to school this morning.

Misses Annie and Kate Ragan, two popular young ladies, of Archdale, who have been visiting in Lexington returned home today.

This morning at 1 o'clock Thomasville had the largest fire in her history. The entire Lambeth block was totally destroyed. It was only through the untiring efforts of the citizens that the fire was confined to this block. The fire originated in the storage room of D. T. Lambeth & Sons. It is thought the store was robbed and then fired to conceal the deed. The total loss is between $6,000 and $7,000 as follows: D. T. Lambeth & Sons, $3,000, insurance, $1,500; D. A. Long, beef market, $200, no insurance; T. C. Bray, barber, $50, no insurance; W. B. Raunsaville, grocer, $500, insurance $200; J. W. Cecil, store room, $500, no insurance; J. M. Morris & Son, dry goods merchants, occupying the large brick building at the corner of the Lambeth block had their goods damaged to the amount of $3,000, insurance $1,500.

Base Ball Yesterday.

The Guilford and A. and M. base ball teams played a game here yesterday afternoon. The game was composed mostly of errors, hits and poor playing by both teams. It was long drawn out and a poor, disappointing attempt to play ball. The redeeming features of the game, if any were present, were the home run by Jim Fox and the pitching of Morton. After the agony was over it was found that the Guilford boys had made sixteen runs and the A. and M. six. We hope that the next teams that play here will present a better quality of base ball. The teams played as follows:

Guilford,		A. & M.
Tomlinson	2nd base	Sloan
Petty	pitcher	Morton
Fox, James	3rd base	Asbury
Watkins	s. s.	Moore
Taylor	center field	Caserley
Fox, John	left field	Buffatoe
Barbee	right field	Ross
English	catcher	Gibbs
Armfield	1st base	Shore

Base hits—Guilford 10, A & M. 5. Errors—Guilford 6, A. & M. 9. Two base hits—Petty, Fox James and Buffaloe. Home run—Fox James.

At Winston yesterday the University of North Carolina defeated Johns Hopkins University by a score of 20 to 0. A large crowd witnessed the game.

At Atlanta the University of Pennsylvania defeated the University of Georgia by a score of 11 to 2. Errors by the Georgians defeated them.

Yale University defeated the University of Virginia yesterday at Charlottesville by a score of 5 to 0.

The Wake Forest second team defeated the A. & M. second team at Raleigh by a score of 15 to 9.

Two New Buildings.

Dr. L A. Scruggs, who has returned from Southern Pines, states that the remains of the late Prince Imper, the African Prince who died at the sanitarium there last week, will not be brought to Raleigh for final interment until next fall, after the opening of Shaw University.

Dr. Scruggs reports that the sanitarium is taxed to its utmost capacity to accommodate patients, and that recently fifty-six deserving applicants have been denied admission, owing to the crowded condition.

Dr. Scruggs goes to Durham today to see Col. J. S. Carr and Mr. Washington Duke, both of whom have promised to donate a building each for the accommodation of consumptives, to urge upon them the importance of having the buildings erected at once. Dr. Scruggs says both buildings are assured.—Morning Post.

THERE WILL BE NO FIGHT

At Least This is What President McKinley Thinks.

THE DOINGS IN CONGRESS TODAY

There are Many Shifting and Varied Scenes in the Drama on the Stage This Afternoon.

By Wire to THE TELEGRAM.

Washington, April 12—With the transfer of the responsibility to congress the usual contingent has deserted the white house which is pervaded with an air of expectancy as to what course congress will take. One of the callers on the president today said the latter has a feeling of greater confidence that some satisfactory settlement will be made without hostilities. He believes in the sincerity of the Spanish government in its position looking to reform in Cuba and that such results will be achieved and war averted.

COMMITTEES AT WORK.

Washington, April 12—The committees early this morning, were considering action. There is considerable diversity of opinion as to the final result. Consul-general Lee arrived too late to appear before the committee today unless there is an evening session held.

FOR IMMEDIATE ACTION.

Washington, April 12—Democratic leaders in both houses stand unanimously for immediate action or interventon coupled with the recognition of Cuban independence.

NO NEAR AGREEMENT.

Washington, April 12—The committees of the house and senate on foreign relations see no near agreement. There is no more evidence of an agreement at noon today than there was on yesterday. There is practically a deadlock.

TO RECEIVE LEE.

Washington, April 12—1 p. m—Great preparations have been made for the reception of Lee at 2 o'clock this afternoon. Vice-Consul Springer goes direct to his home in New York city.

WILL APPEAR AT ONCE.

Washington, April 12. 1:30 p. m.—Arrangements have been made for General Lee to appear before the committee on foreign relations immediately upon his arrival in regard to certain information which he possesses concerning the perpetrators of the Maine horror.

LEE'S SPECIAL.

Rocky Mount, Apr. 12—Gen. Lee's flying special passed through this morning at seven forty-five, the party will arrive Washington at two o'clock.

LEE VIRGINIA.

Emporia, Va., April 12—General Lee arrived here at eight o'clock this morning. He rested well last night.

SENATORS CLAMOR FOR WAR.

Washington, April 12—A resolution was introduced into the senate today declaring war against Spain. Senator Pasco introduced a resolution authorizing the president to extend aid to destitute Americans that were driven from Cuba. Senator Mason is speaking in favor of the recognition of the Cuban Republic.

DEMOCRATS WITHDRAW.

Washington, April 12—The democrats withdrew to allow the republicans in the house foreign affairs committee to reach a proposition upon which all could unite. There will be another session this afternoon. No resolutions will be presented today. There is ome talk of a republican caucus to decide on harmonious action.

WHAT THEY WILL SUPPORT.

The republicans are not ready to receive the democrats yet. The democrats have decided to support resolutions declaring for Cuban independence and for armed intervention.

REPORT MAY BE DELAYED.

The senate foreign relations committee is hopeful of making a report today but the report may be delayed to hear General Lee. There is less unanimity than when they first met and decided to support the Foraker resolutions.

MANY PROPOSALS MADE.

There are many proposals being made covering all lines of intervention possible. The indications favor a compromise proposition made prior to the receipt of the message. Gray is the only democratic senator who is willing to join the republicans in eliminating the recognition of the Cuban Republic if the republicans can be lined up. His vote will be decisive if this compromise is accepted. The resolution will be a short and sharp declaration for immediate intervention. The majority will make a report favoring recognition.

Washington, April 12, 3:30 p. m.—The senate committee on foreign affairs is deliberating a degree of activity with which to inspire the resolutions. There is not a member for any course short of immediate armed interv ntion. A majority has reported and are now awaiting Lee.

The house committee on foreign relations suddenly reassembled and it is rumored that an agreement has been reached on the resolution in favor of independence and intervention.

A PARTING SHOT FROM LEE.

He is Said to Have Sent a Sharp Message to Blanco.

Key West, Fla., April 11—Consul General Lee was so indignant at the conduct of the crowds who watched the departure of the refugees from Havana yesterday that he wrote this note to be sent by a pilot to General Blanco:

"You have broken every promise made me. We have been whistled at and insulted as we go. We will return and your whistle will be turned into another tune."

General Lee tore this note up, however and as the pilot was leaving the Fern he turned to him and gave him this verbal message to Blanco.

"You may tell General Blanco for me that the Fern is the last ship of the American navy that will ever go out of his Havana harbor while the Spanish flag flies over Morro."

Beneath the shadow of Morro Castle some one brought out a bottle of champagne and glasses and General Lee gave this toast:

"Here's to the officers and men of the Maine, which was blown up by a Spanish mine."

In responding Mr. Ackers, an English subject, said:

"May fifty guns speak for each of the Maine's dead and each gun mean fifty Spanish lives."

I asked Lee if his toast was significant. He replied: "It is significant as I speak from the heart, not from the head."

"Is it true," I asked him, "that you have evidence showing Spanish implication in the blowing up of the Maine?"

"I have a report to make on the Maine," he said, "which will be in the president's hands Tuesday, but I have no evidence."

General Lee again denied in Key West that he had any positive evidence to add to what the court of inquiry had reported. Speaking to me about possible hostilities, General Lee said:

"I believe it is my duty that I should be allowed to lead the first division on Havana. If I do, please say for me that I know how to take the city."

It was reported here tonight that General Lee will place before the authorities when he reaches Washington proof that General Weyler had completed a system of mines on the bottom of Havana harbor. One paper to be placed in evidence is said to be the original of a letter alleged to have been written by General Weyler, in which he announces his willingness and ability to destroy the first Yankee ship to enter Havana harbor. There is much credence placed in this letter by naval officers.

One month ago, sitting in his office at the consulate in Havana, General Lee said: "There is more in this report," referring to Weyler's plan for harbor defenses by means of mines, "than many suppose. When the right time comes I will give a story with paper for proofs."—Baltimore Sun.

U. N. C. Dramatic Club in Winston.

Winston, April 12—Three hundred people laughed for two hours last night at the farce comedy presented by the University dramatic club. Mr. Pond, as Colonel Lyon, presents a wonderfully finished performance. Mr. Rawls, as Kellie Golden Gate, is brilliant and stylish, and Mr. Reynolds, as Baby, kept the audience in a roar from beginning to end. Winston has seldom seen so good a play, so well acted by amateurs, and congratulates Greensboro on the treat in store for it tonight.

Will Defend Our Coast.

Washington, Apr. 11 — Senator Pritchard and Representative Skinner had another conference with Secretary Alger today relative to defences for the North Carolina coast. They were again assured that every protection will be afforded. They also called on President McKinley.

A WITHDRAWAL DEMANDED.

Minister Moret Accused of Insulting Spanish Army.

THE CRISIS ONLY DELAYED.

London Newspapers Regard the Message as Being Warlike in Tone. Doesn't Indicate Peace.

By Cable THE TELEGRAM.

Madrid, April 12—General Bourbon, formerly member of the chamber of deputies, has written to minister of colonies Moret accusing him of uttering insults to the Spanish army and demanding of the minister a public withdrawal of his remarks. General Bourbon also demands that certain newspapers withdraw their recent offensive statements in regard to the army. Telegrams from the provinces this morning indicate that the population have seized the patriotic fever and make demonstrations which the authorities find great difficulty in restraining. Crowds are marching through Barcelona shouting: "Long live Spain and her army," "Long live Spanish Cuba." Gendarmes suppressed the crowds. Blanco telegraphed that an armistice had been promulgated in Cuba. Demonstrations in most of the provincial towns of Spain against calling it an armistice.

ONLY PROLONGED.

London, April 12—The evening newspapers generally regard the president's message as warlike in tone, leaving little hope for peace and that Mr. McKinley has only prolonged the crisis.

CONSIDERED DILATORY.

Berlin, April 12—Mr. McKinley's message is considered as being dilatory and is not regarded as indicating peace.

WARSHIPS SAILED.

Halifax, April 12—Warships Sanfrancisco and New Orleans, sailed for New York this morning.

Lee's Reception in Richmond.

By Wire to THE TELEGRAM.

Richmond, Va., April 12—Governor Tyler, his staff, numerous delegations and thousands of wildly enthusiastic Virginians met Lee and forced him to speak. General Lee said:

"This is not a time to speak. Time for action has arrived.

"What are you yelling for? You want to fight?" Ten thousand voices rent the air with a tumultous "yes." General Lee continued: "This is a day I long have sought and mourned because I found it not. It makes me happy when I have to come to you to render an account of my stewardship to see that you all with one accord so enthusiastically commend it."

Ordered to Strike.

By Wire to THE TELEGRAM.

Massilon, Ohio, April 12—President Morgan, of the Miners Union, ordered two thousand men out on a strike because the operators failed to make the changes in screens decided upon at the Chicago convention.

Harrison's Advice.

By Wire to THE TELEGRAM.

New York, April 12—Ex-President Harrison refrained from commenting on the president's course, but said: "Every one should not yell at the pilot if the pilot is engaged to steer the ship."

Church Entertainment.

A rare entertainment is in store for those who attend the entertainment to be given by Miss Goodhue of New York. It will be given under the auspices of the First Presbyterian church on the 15th of April.

The Asheville Gazette has the following to say in regard to the entertainment in that city:

"Miss Goodhue, of New York, a finished elocutionist, delighted the audience with several selections during the evening, which showed to good advantange the versatility of her talent. The number perhaps most appreciated by the audience was 'Mary's Singing Lesson," in which imitations of various bird notes were skilfully introduced."

A Man's Diagnosis.

"George, did you notice Mrs. Highroller's new Easter bonnet?"

"Yes, of course; wasn't it lovely? It looked like one of your lace tidies wopsed up with two feathers, a decanter stopper, and a wad of red necktie sticking out of it."—Truth.

Mrs. Rorer's Lectnre.

The sixth in the course of lectures at the Normal College was given last night by Mrs. Sarah Tyson Rorer, of Philadelphia. Mrs. Rorer dwelt more particularly on the crudeness and impracticability of ordinary kitchen utensils. She illustrated it by referring to how men use all manner of devices to lessen their labor while women continue using old and imperfect cooking utensils. She forcibly impressed her hearers with the necessity of accuracy in the preparation of food and while she believes in using economy she does not believe it is wise to eat hash. This sentiment captured the Normal girls and they gave her a hearty applause.

This completes Mrs. Rorer's series of cooking lectures before the department of domestic science. These lectures have been helpful and full of valuable suggestions, not only to the Normal girls but also to the housekeepers of Greensboro.

The next and last entertainment of the course will be given by the two literary societies.

More Accurate Service in Greensboro Than Baltimore

Mr. C. M. Vanstory had his little girl's eyes examined in Baltimore last year and went with the prescription to one of the largest and best known optical houses there to have the glasses made up. FORTUNATELY one of the lenses got broken recently and was carried to the Greensboro Eye Specialist to be replaced. He saw at a glance that neither lens accorded with the prescription, and so changed them both. Mr. Vanstory sent the old lenses with an explanation to the occulist who had given the prescription and in reply received the following;

AS TO COERCION.

Now is as good a time as any to serve notice in a firm and dignified manner to the powers of Europe that the United States cannot be "coerced." The "powers" are merely a combination whose purposes are wholly selfish—and these purposes, as shown in their dealings with the nations that have submitted to their officious meddling, is robbing and plundering with impunity. The United States as a nation could afford to put up with a good deal of brag and bluster from Spain because she was so palpably inferior. But to submit to being bulldozed at the hands of the "powers" is to take the first step on a downward path where nothing but humiliation awaits us. Let America serve notice to Europe that she is the arbiter of her own destiny, the final judge of her own actions. The powers dare not and will not support Spain with fleets and armies: if they should so dare the struggle might as well come in this generation as the next. We could afford to appear too good natured; we cannot afford to seem afraid.

For some days now congress has been standing on its hind legs and howling for a chance to show what it can do. The leash has been slipped. It has its chance. The statesmen corraled by the Honorable Thos. B. Reed, under the eyes of the world, may now show the stuff of which they are made. It is a bit odd that with the opportunity we should be told that there is a sudden access of conservatism. Is it possible that congress is, after all, less warlike than it fancied itself to be?

The fact that the Somers, the recently bought German torpedo boat, came near sinking before it was well out of sight of England indicates that in sea-going craft the legend "made in Germany" is not the highest possible recommendation.

There was a good deal of anxious questioning last fall as to whether or not Yale was loosing her pluck. Her late encounter with the University of Virginia would seem to indicate that her luck is not all that could be desired.

Since there seems to be some difficulty in finding a name for the populist paper to be started in Raleigh we respectfully suggest that it flaunt at the top of its hungry columns the appropriate title "The Pastry-Seeker."

It is becoming more and more evident that Senator Butler's fight on Judge Ewart was made for effect only. With Mr. Butler it is anything to keep himself before the "people."

What time the profound Dr. Ramsey of the Progressive Farmer is not engaged in "fooling the democrats" he will now be privileged to devote to fooling a jury of his peers.

The two least talked of men during the whole business were Gen. Blanco, commander-in-chief of the Spanish forces, and John Sherman, secretary of state.

It must have been with a sigh of relief that President McKinley said to congress, "I await your action."

The quality of Johns Hopkins athletics does not seem to be quite on a par with its scholarship.

NOT FAVORABLY IMPRESSED.

Shuford and Kitchin's Opinion of The Presidents Message.

Washington, April 11—Speaking of the President's message Congressman Shuford said: "There is less solid matter in the same amount of space than I have ever seen in my life. It is a keen disappointment."

Mr. Kitchin said: "The President shows no sympathy for the struggles for liberty of the Cubans. His awkward management of the matter has not made him worthy of the additional confidence he asks from Congress."

General News in a Nutshell.

Joseph Kipling, the eldest child of Rudyard Kipling, was recently punished for telling an untruth, and went to bed sobbing rebelliously: "I think it's real mean, so there. My pa writes great big whoppers and everybody thinks they're lovely, while I told just a tiny little story and gets whipped and sent to bed."

A fine of a penny was recently inflicted on a policeman by Mr. Hannay, the magistrate at Marlborough street police court, London, for pulling a woman off a bicycle because her lamp was not lighted.

An Indiana firm is making a trolley sprinkling car which will appeal to dust-abhorring cyclists who travel over roads paralleled by electric lines.

In Portland, Me., a prayer meeting was turned into a discussion of the probabilities of war by the inadvertent reference to the Spanish situation made by one peaceful, prayerful brother.

Litigation over a hearse at Bar Harbor, after a year's continuance, was brought to an end by an agreement between the parties that the hearse be sold and the proceeds devoted to paying costs and lawyers' fees.

Among the odd and cultured names of Jefferson county, Ind., are Rat Row, 'Possum Trot, Doe Run, Goat Hollow, Hog Trough, Mud Lick, Mollie's Run, Carpet Alley, Gentry's Bluff, Wash Board, Indian Sofa, Rabbit Hash, Ten-Cent Hollywog, Sausage Row and Pig's Eye.

Secretary Porter to Resign.

Washington, D. C., April 9—A private dispatch received from a well known Ohio politican tonight, announces that President McKinley has tendered to James Boyle, at present United States Consul to Liverpool, the position of private secretary, to succeed J. Addison Porter, whose resignation will be announced in a few days. It is understood that some differences have occurred between the President and Mr. Porter, which are responsible for the change.

Mr. Boyle was private secretary to President McKinley when he was Governor of Ohio, and the closet bond of friendship exists between them. As near as can be learned Mr. Boyle has not yet communicated to the President his answer to the offer.

Mine That Wrecked the Maine.

London, April 11—The Daily Mail publishes an interview with J. P. Gibbins, who claims to have made the mine that destroyed the battleship Maine.

He now says he had nothing to do with the placing of the mine in Havana harbor, but that he wrote Lieut. Colwell, the American naval attache here, immediatey after the explosion, describing the mines he had sold to the Spanish government, and forwarded to the United States diagrams showing that the mine must have been exploded by someone ashore. He declares that it is impossible that the disaster was due to an accident.

Postoffice Blown Open.

Murfresboro, April 10—The postoffice at Murfreesboro was robbed some time last night between midnight and day. The safe is supposed to have been blown open with dynamite, as a sharp report was heard about 2 o'clock, a. m., by several citizens. The safe door was entirely blown off. There was something like $200 in currency and stamps in the safe at the time, all of which was carried off.

Time-saving Scheme—"No," said he, "I don't care for poetry. Fact is I haven't time to read much of anything." "Why," she sweetly said, "don't you try to learn to roll your cigarettes with one hand?"—Chicago News.

In 1850 the tallest building in New York was only five stories high and the church spires were conspicuous above them. Now there is only one spire in the city as high as the tallest building.

BURNED IN EFFIGY.

North Carolinians Hang and Burn McKinley.

Raleigh, April 9—At Lumberton on last night, people indignant at President McKinley for withholding the message, held an indignation meeting.

The president was hung in effigy and burned in the midst of many citizens representing all political parties. The figure was a man of straw, kneeling at the feet of Mark Hanna. The following inscription was pinned to the body:

"William McKinley; he's a jay; badly scared of Spain, he took a sudden fit; won't fight a bit; will never be president again. McKinley is dead the last words he said, 'Never let the dollar go by.'"

At the foot of the effigy a United States flag was dragged in the dust by a golden chariot, driven by Mark Hanna.

Memory the Subject.

The audience last night at the gospel tent meeting was the largest and most appreciative that has been in attendance. Evangelist Lee preached a most interesting and touching sermon, the subject being "Memory," from Christ's parable of the rich man and Lazarus. He made many touching and appropriate illustrations to more clearly portray his meaning. The preacher seemed to be at his best and held the large audience spell bound during the sermon, and many expressions have been heard today that the sermon was one of the finest ever heard. —Ocala, Fla., Evening Star, April 7.

Gladstone's Days Numbered.

Hawarden, April 10—Mr. Gladstone slept well last night and is feeling quite comfortable today. It is reported that his physicians, after having carefully diagnosed his condition, have reached the conclusion that Mr. Gladstone may not survive longer than 60 days.

The True Remedy.

W. M. Repine, editor Tiskilwa, Ill., "Chief," says: "We won't keep house without Dr. King's New Discovery for Consumption, coughs and colds. Experimented with many others, but never got the true remedy until we used Dr. King's New Discovery. No other remedy can take its place in our home as in it we have a certain and sure cure for coughs, colds, whooping cough, etc." It is idle to experiment with other remedies, even if they are urged on you as just as good as Dr. King's New Discovery. They are not as good, because this remedy has a secord of cures and besides is guaranteed. It never fails to satisfy. Trial bottles free at C. E. Holton's drug rtore.

Graham, N. C., Nov. 23, 1898.
Mrs. Joe Person:—Allow me to express my gratitude to you for the wonderful cure your Remedy made on my little daughter, some eight years ago. She was afflicted with some blood impurity which resulted in boils and sores on her head, face and neck, which troubled her severely and continuously for 18 months, more or less. After trying different remedies for a long time without any permanent relief, a friend advised me to try your medicine: After a short use of it she began to improve and when she had taken about eighteen bottles the sores and boils were entirely healed, there has never been any return of them, and she seems now to be entirely well. I consider your Remedy one of the very best blood purifiers on the market.
Yours very truly,
J. H. WATSON.

HOLLAND BOAT A SUCCESS.

Tests Made Further Demonstrate Its Utility and Practicability.

New York, April 11—The submarine torpedo boat Holland experimented successfully with her dynamite guns in Staten Island Sound, off Perth Amboy this afternoon.

The object of the test was to make sure that everything was shipshape for the trial in Princess Bay Wednesday, which is to be witnessed by the naval attaches of legations of some of the foreign countries represented at Washington, and by a member of the naval auxiliary board.

After the tests both Mr. Holland and Captain Morris expressed themselves as satisfied, and they announced that they knew of nothing that could prevent the Holland developing to the fullest extent her powers as a diver and demonstrating her practicability as an engine of war on Wednesday.

Doesn't Fear Jail Life.

Dr. Joyful Laughter Ramsey talks of going to jail, in referring to his libel suit in this week's Farmer, with a carelessness that is almost bewildering. The Doctor could doubtless carry on his assiduous duties as secretary of the agricultural department and editor of the Farmer from behind the bars, if it became necessary. Dr. Ramsey gives expression to this editorial thought:

"The editor of the Progressive Farmer has been treated to all kinds of attempted intimation before. If it becomes necessary we can stay behind locks and bars and keep up the fight, and the oyster cases will and shall be fully ventilated."—Morning Post.

Patriotism by Postal Card.

This patriotic postal card comes from a Georgia veteran:

Lost one leg at Manassas,
Another at Bull Run;
But thank the Lord, I'm livin' yet
with arms to hold a gun!

And still another from "A Tenpessee veteran:"

The old gray jacket's dusty;
The canteen, battered, lies;
An' the old war rifle's rusty,
But ripe for exercise.
—Atlanta Constitution.

Mr. Bryan Will Not Be Heard.

As highly respected and admired as is Hon. William J. Bryan by North Carolina democrats, his plea for the state press to hold up on Butler will not be heard. He does not know that trickster and trader, but the Democrats do know him, and will neither trust him nor spare him. He is both a traitor to them, as well as their enemy and traducer. So Mr. Bryan need not try his persuasions in that direction. He does not understand the situation. North Carolina Democrats will have no part in a dicker. A straight fight for State redemption and Democratic principles is the demand of the loyal and the faithful. In hoc signo.—Wilmington Messenger.

"Of course," observed the thin wheelman, "water won't run up hill." "Well," replied the fat wheelman, who was still puffing and blowing, "I don't blame it."—Puck.

Waiting For Clouds to Roll By.

London, April 10—The money market is very firm, and the rise in the bank rate is interpreted as a measure to protect the gold reserve of the bank against a drain in the event of war between Spain and the United States. It is pointed out that nearly $45,009,000 has gone to the United States since the beginning of the year. If the war cloud passes, the rate is expected to be reduced shortly, although there is no prospect of cheap money.

There was little business on the stock exchange last week, owing to the political uncertainties, and prices fluctuated according to the varying prospects of war. The market, however, closed on Thursday with a better tone all round.

American railroad securities are generally higher, though the transactions have been small.

A Dainty Dish.

It is an open secret that Butler and his followers expect to hold their national convention before the Democrats do, and nominate Mr. Bryan on a populist platform, Butler hoping to be his running mate. It is thought that the popularity of Bryan in the democratic party will force that party to nominate him, with his populist associate; in other words, Butler's idea is to force the democracy to adopt the populist ticket.

This is the dish that Butler is said to be scheming to set before the king. We would be shocked to know that Mr. Bryan is a party to any such plot, as we believe a large majority of his democratic supports would be. There are some democrats in this state—a very few, however—who, it is believed will favor this move.—Morning Post.

Lee Knew His Peril.

Key West, April 10—The correspondent of the New York Evening Telegram today told this story:

"I went on board the Fern about 10 o'clock yesterday morning, found General Lee sitting on the quarter deck reading the latest New York papers, and smiling over a paragraph which was headed: "Fitz has no fear." I asked him if that was true. He said:

"When you see a man who says he never knew what fear meant just tell him about your little button which has printed upon it: "I am somewhat of a liar myself."

Gold to Frisco.

Sydney, N. S., April 10—The Mariposa, of the Ocean Steamship Line, will take $1,500,000 to San Francisco.

Something to Depend On.

Mr. James Jones, of the drug firm of Jones & Son, Cowden, Ill., in speaking of Dr. King's New Discouery, says that last winter his wife was attacked with la grippe, and her case grew so serious that physicians at Cowden and Pana could do nothing for her. It seemed to develop into hasty consumption. Having Dr. King's New Discovery in store, and selling lots of it, he took a bottle home, and to the surprise of all she began to get better from first dose, and half dozen dollar bottles cured her sound and well. Dr. King's New Discovery for consumption, coughs and colds is guaranteed to do this good work. Try it. Free trial bottles at C. E. Holton's drug store.

Notes of The Prowler

There's nothing sweeter than rest when you are tired. I have just had a rest. I rested because I was tired, tired of war news and war talk, and I went away to the country—the "real" country, away from telegraph wires, railroads and daily newspapers; there I spent two days and two nights and the war was not discussed. That was rest and relief in earnest. It was ease to the mind. I communed with nature and drank of its sweets in total oblivion of the rumblings and mutterings in the war clouds which betoken a clash of nations.

It was as refreshing as undisturbed sleep after long days and nights of restless watching. I listened to the songs of the birds, inhaled the fragrant perfume of the flowers in the orchard, indulged in reminiscences and pleasant memories and listened to a grand sermon on Sunday at a good old conutry church.

In all of this there appeared no diplomatic complications, no intervention of the powers, no offer of mediation by the Pope, no Spanish flotilla, and no president's message. It was relief, pure, simple and unadulterated. It was refreshing.

But it could not last. With reluctance I started back to the city, and boarding the train the first question I heard was: "What's the war news?" I didn't know any and was glad of it; but every one on the train was talking about it. I saw a crazy man on his way to the asylum at Morganton and while I did not envy him I wondered if he knew anything about the "situation."

Did you ever hear of the Universal Food Chopper?

A few weeks ago a representative of the manufacturers gave an exhibit in our store. The variety of articles it would chop—the number of ways it would chop them—in short many accomplishments of the little untensil excited the wonder of all. The price, too, is wonderfully cheap, only $1.75. We will sell the chopper to any reliable person with the understanding that if it is not satisfactory it may be returned and the money will be refunded.
